

CSE PEP Continuous Assessment (CA 1): Project Justification

Objective: To prepare students for placement drives by developing their ability to clearly explain, justify, and defend their academic projects during interviews.

Nature of CA- Speaking Evaluation

CA1 date- 7th July 2026

Assessment Question

Prepare and deliver a project justification oral presentation for your project. Explain why the project was selected, what problem it addresses, its relevance to industry, the technologies used, expected outcomes, and the value it creates. Students should be able to justify their project confidently as they would during a placement interview.

Student Guidelines

- Oral presentation on the project justification within 3-5 minutes
- Focus on problem identification, uniqueness, technical relevance, and practical application. Follow 7 step Narrative blueprint
- Use professional communication skills suitable for placement interviews.

Evaluation Rubrics (10 Marks Each)

Total Marks: 50

Rubric	Evaluation Criteria	Marks
